FOREWORD

Charles Markus, President of the American Numismatic Association from 1927 to 1930, passed away at the annual convention at Minneapolis August 24, at the age of 79. He was one of America's most enthusiastic and best loved numismatists. He was a life member, and had attended all annual conventions of the American Numismatic Association since 1916, the world's best attendance record. In 1920 he was elected a member of the board of governors, and chairman of the board in 1926. For the past 25 years, he has been retired from active business, living in his fine home in Davenport, Iowa, which he modestly referred to as "The Shanty." His was an interesting estate to visit. From the basement of his home to the attic, were collections of coins, paper money, firearms, pictures, and other things to attract the attention of visitors. No place was ever kept more cleanly or neat. Even the garage was extensively dec-

orated with collections. There stood the 1915 Chandler, and though over 20 years old, in perfect condition, good as new, and bearing Iowa state license No. 1 each year. The following of a number of such hobbies is just what kept Charlie Markus young, and allowed him so many years in this world. Collectors were always much interested in looking at his six \$50 gold pieces he exhibited at the conventions, and which are offered for sale here without reserve, together with the balance of the collection, all consigned to us by his widow, Mrs. Pauline Markus. There are over 1,400 pieces of U.S. fractional currency, and many old large size notes that are so fast becoming rare. Nearly all the commemorative half-dollars are offered, as well as a general collection of coins in nearly all series. Mrs. Markus and I sincerely trust that those collectors who acquire specimens from this sale, may enjoy as much happiness and pleasure from their ownership as did Charlie Markus.

TERMS OF SALE

All coins and bills guaranteed genuine.

New bidders or customers sending in bids for the first time must **positively** give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such **deposit** will be made upon successful bids; the seller reserves **the right** to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the **purchaser** remits promptly.

Collectors who make unlimited bids will get the lots at 5% above the highest actual bid entered.

The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. **This fee is very low for the superior service I expect to give you.**

Receipted bills are not sent out after your remittance as this is

unnecessary. **Your check, draft or money order itself is a receipt.** However, if a 3-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for your mistakes. **Be careful in making your bids.** Be sure that you bid on the lot you wish to buy, and **at so much per piece.**

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, **then bid 50c.** At each sale someone bids by the lot. **Don't do this—bid by the piece.**
